On the way we will visit the oldest known caves in the world, Sudwala Caves, where we will take a tour of the cave and learn more about the history of this amazing African "GROT".(cave).

After that we set off to An Elephant Lodge that borders the KRUGER NATIONAL PARK and partake in a splendorous Elephant ride into the sunset where you would be able to come up close and personal to the Elephants.

We will then take a short drive to the KRUGER NATIONAL PARK where we will stay over for the night and enjoy a real African dinner amongst the wild life of Africa. The Night Game Drive awaits us after dinner where you will experience the African bush alive with activity. We might even catch LIONS on the hunt....

Saturday

After a revitalizing breakfast amongst the African bird life we will set off on a morning game drive through the KRUGER NATIONAL PARK for a few hours.

We will then arrive at a neighboring game lodge with the entire BIG FIVE active on the wild life lodge; we'll stay over on this lodge for the night.

After that we'll set off to the world famous "Jessica" the wild HIPPO (as seen on OPERA). She drinks lots of tea and eats "Mielies" (corn) which you'll be feeding to her.

We will then depart to the lodge where we'll have a SUNDOWNER game drive and enjoy all kinds of wildlife at the "drinking hole" alongside the African sunset.

For dinner we'll have a real African Bush "Braai" (barbeque) surrounded by the sounds off lions roaring and hyenas laughing in the distance.

Sunday

Up early we'll literally go walking with lions in the bush.
After that we'll have breakfast and then witness a lion feeding.

After all of that excitement we will depart for OR Tambo International Airport, but on the way we will visit a CROCODILE lodge where we will witness another feeding, but this time it is the African croc's turn to eat....

***If your flight is only the following day, arrangements with accommodation and transport can be made at an additional fee and in advance.**
